
SCIENCE EXPERTS

*ACCOUNTING FOR YOUR
BUSINESS*

WHY SCIENCE EXPERTS?

Experience

We know the law, the information circulars and current CRA administrative practices

Dedicated team

Our professional team is exclusively focused on SR&ED. We combine financial and technological expertise working closely together. We leverage our business and industry knowledge to realize cost savings to your company.

Proven track record

Our team has been successfully preparing and defending claims for years. Our success is derived from our diligence, dedication and understanding of our clients' business.

You can rest assured that **Science Experts** will be behind you each step of the way, offering the best resources for:

- SR&ED planning to minimize your company's tax liability.
- Advising on the tax consequences of all your R&D activities.
- Reviewing and supporting SR&ED claim positions.
- Analyzing the impact of new tax laws and regulations as they relate to SR&ED.

SCIENCE EXPERTS

THE ULTIMATE SUCCESS FACTOR

YOUR MISSION

Is your business developing new products? New processes? Are you developing prototypes, creating custom machinery or using new materials? Are you creating innovative software, e-business solutions or web-enabled applications? If so, you may qualify to claim the federal and provincial R&D tax credits.

WHAT SHOULD I KNOW ABOUT THE PROGRAM?

The Scientific Research and Experimental Development (SR&ED) program is a tax incentive program to encourage Canadian businesses of all sizes and in all sectors to conduct research and development (R&D) in Canada that will lead to new, improved, or technologically advanced products or processes. The SR&ED program is the largest single source of government support for industrial research and development.
